# HELD A CONFERENCE

Emperor Nicholas and Members of the Council Met.

They Considered the International and External Situation in Russia—No Indication That Continuation of War Will Be Abandoned.

St. Petersburg, Jan. 9.—The conference which Emperor Nicholas has been holding with members of the council of the empire, M. Witte and other ministers and advisors on the international and external situation, have not yet been concluded, but nothing has occurred which would indicate that the government is prepared to depart from its present program of continuing the war to the bitter end. Nevertheless, talk of peace was heard in many quarters, the foundation for it being ascribed to Foreign Minister Lamsdorf's alleged position in favor of such a course on the ground that aside from the humiliation to military prestige involved, it would only mean the relinquishment of Manchuria to which Russia already is formally pledged. There is no confirmation of this statement of Count Lamsdorf's position beyond the general knowledge that he always has belonged to the peace party.

It is quite probable that the peace talk gossip has been produced by the arrival of foreign papers, as it receives no encouragement in responsible quarters here.

## THE MARCUM TRIAL.

Attorney Byrd Made the First Speech For the Plaintiff.

Winchester, Ky., Jan. 4.—Speaking in the Marcum case was resumed on Tuesday morning by A. F. Byrd, who is making the first speech for the plaintiff. His arraignment of the defendants is terrific and he declares that the desperate efforts of the defense to break down the testimony of Capt. Ewen and Henry Noble is not so much to avoid paying damages as in this case to avoid criminal prosecution for the murder of Marcum, if this testimony is not discredited.

Winchester, Ky., Jan. 5.—In the Marcum trial Wednesday John Stevenson spoke for the defense. He eulogized the defendants who by industry, frugality and good judgment had raised themselves from poverty and had become leaders in their community. The interest remains unabated and each speaker is greeted with crowded houses.

Jonett, for plaintiff, began Thursday morning and made a telling argument. He berated defendants for bringing the name of Gov. Beckham into it and for using their alleged influence with him as a promised recompense to the murderers of Marcum. He traced the connection of Tom White with defendants until after the killing and drew therefrom a perfect understanding on the part of defendants.
